ADMIRAL MOVERS APPOINTED MAYFLOWER TRANSIT AGENT

ST. LOUIS – Admiral Movers, Montgomery, Ala., has been appointed an agent for Mayflower Transit. The appointment was announced by Steven J. Dawkins, executive vice president of Mayflower.

Admiral Movers is located at 1200 Newell Parkway. Scott McNelley is president of the agency. The agency has been in business for 17 years. To provide increased storage capacity, Admiral Movers moved to the new warehouse on Newell Parkway in North Montgomery Industrial Park last year. It has increased staff and will add more to accommodate the higher volume of moves anticipated with the new Mayflower connection. Admiral Movers also recently branched out into the records storage business with a new division, Admiral Records Management.

"In this new phase of our growth, we're honored to become an agent of Mayflower Transit," said McNelley. "Our people are really the ones to thank for this. They've worked so hard for so long and the fact that the best van line nationally and internationally has sought us out to represent them in central Alabama is a credit to their hard work and dedication."

Affiliation with Mayflower, the nation's most recognized name in moving, enables Admiral Movers to offer a variety of transportation and relocation services, including local, long distance and international moving and storage needs.

Admiral Movers will handle both inbound and outbound moves for the Central Alabama area. "Military families, corporate transfers and personal moves are a large part of the area's business," said McNelley. The change to Mayflower Transit comes just in time for the nation's busiest moving season, which officially begins on Memorial Day and ends on Labor Day, said McNelley.

Founded in 1927, Mayflower Transit transports electronic equipment, trade show exhibits and displays, works of art, and specialized freight, in addition to household goods, utilizing a network of 700 affiliated agents throughout the United States and around the world. Mayflower's headquarters offices are located in suburban St. Louis, Mo. Further information about the company is available on its Internet site – www.mayflower.com.
