## **Mayflower's Full-Service Relocation Packages Make Moving Easy** *New Moving Services Designed to Create a Stress-Free Moving Experience*

ST. LOUIS – Each move is different. Some customers need flexibility in their moving date. Some want extra assurance that their heirloom dining furniture will arrive safely. Others wish a [full-service moving company](#) would take care of all the details – like setting up their electronics and arranging for utilities – when they arrive at their new home. With all the different needs of customers in mind, [Mayflower Transit](#) created [On Point Preferred](#) solutions, which address the unique needs of each family's move.

Among many options, [On Point Preferred](#) offers flexible moving times, debris pickup and a partnership with tech support task force [Geek Squad](#) to help customers set up their computers and home entertainment systems after moving into a new home. Customers may choose from individual moving services or from seven relocation packages that provide a combination of the most frequently requested moving services at a reduced cost.

“The chaotic pace and changes of moving create stress on entire households,” said Bob McCabe, director of sales for [Mayflower Transit](#). “We are excited to bring our customers added levels of service and protection during their transition into a new home. Partnerships with other companies, such as Geek Squad, make our customers' moves that much easier.”

The following [On Point Preferred](#) services are available in a variety of combinations and service levels:

**On Point Flagship Protection** – If an item in a set is damaged and cannot be fixed or replaced to match the set, Mayflower will replace or pay for the entire set's replacement value.

**Destination Connection** – Through a third-party concierge service, Mayflower assists with the small details, including gathering community information and setting up utility connections.

–more–

### *On Point Preferred – add one*

**Date Change** – Coordinating a move is a challenge. Mayflower’s date change service allows flexibility to change the date of moving without charge.

**Destination Waiting Time** – Being in the right place at the right time can be tough, so Mayflower movers will wait at the final move destination until the customer arrives.

**Debris Pickup** – After a move, customers have a lot of things on their minds – cleaning up packing supplies shouldn’t be one of them. Mayflower will pick up empty moving boxes and packing material waste.

**PC Setup** – Geek Squad will help customers get computer equipment ready to use – taking the hassle out of setting up a PC – and ensuring all equipment functions properly.

**PC Networking** – Geek Squad can install secured wireless networks for customers to share Internet, printers and files from anywhere at home.

**Home Theater Setup** – Mayflower customers can sit back, relax and let Geek Squad take the pain out of setting up a home theater system.

### **About Mayflower Transit**

Mayflower Transit, founded in 1927, is proud to celebrate its 81st year. As one of the nation’s oldest and largest van lines, Mayflower transports household goods, electronic equipment, [trade show exhibits](#) and displays, works of art and [specialized freight](#) utilizing a network of 700 affiliated agents throughout the United States and around the world. Mayflower’s headquarters are located in suburban St. Louis. Further information about the company is available at [www.mayflower.com](http://www.mayflower.com).

### **About Geek Squad**

For help with all of your computing, home theater and mobile entertainment needs, trust Geek Squad. Geek Squad Agents, Home Theater Installers and Auto Techs can be located by calling 1-800-GEEK-SQUAD, visiting [www.geeksquad.com](http://www.geeksquad.com) or the Geek Squad Precinct located in every [Best Buy](#) store. We provide our services wherever and whenever you need them – 24 hours a day, seven days a week.
